

ACTIVITY

Sports Star Chores Activity

1

From your list of performances from Tuesday, go and find a section of about 30 secs of choreography that you really liked and learn the section! Try and get your movements and timing as close to the actual performer as you can!

2

How close were you to looking like the original athlete???

3

You can even film yourself doing it and share with your friends or family!

4

Have fun and good luck!
